A lifelong learner is someone who continues to learn new skills and capabilities beyond "formal" education years, both professionally and personally. A lifelong learner finds joy in learning new things with an open mind and positive attitudes. They understand the importance of continuing their education to cope with the ever changing, dynamic nature of the world. Lifelong learners have a growth mindset and invite future possibilities with open arms. Lifelong learning paves the way for current and future success.  
1/2K are lifelong learners.

**Thursday Spelling Task**

The Great Barrier Reef is the world's largest natural structure made of living organisms.

Some animals, like sharks, live in the reef. They eat fish and other animals that live in the reef.

Without the coral, the reef will be taken over by the blue algae.

If the fish and coral aren't healthy, the reef will die.

I can look after the reef by not putting rubbish in the sea and telling people to look after the reef.

**The Great Barrier Reef**

Where is the Great Barrier Reef?

What is the Great Barrier Reef?

Why is the Great Barrier Reef important?
