 Under the sea I like to dive
 Melon fruit is nice and juicy
 Mum lays in the sun daily
 Everyone sings along happily
 Sky hands out the ice-creams

How are the character and plot creating an interesting narrative. There are three best friends named Plot dog, Mums slightly longer than an other dog these Kevin that eats and sleeps at the same time and also lizzie that loves reading these always figured out how to have fun but today they were sad because lizzie was leaving to go to the circus.

How have the main characters changed. They were happy now they're sad

What do you think will happen next Holiday and Kevin will go out on a mission to find lizzie
