Dear Pitt Town PS Community,

During this current pandemic, we would like to reach out to you all. If there is anything, we can do to help support you or your family, then please do not hesitate to contact us.

Questions relating specifically to school will be referred on as the school is the best source to get the correct and current information.

Please reach out if you need support and we will try to help wherever possible.

Together, with support from each other, we will get through this.

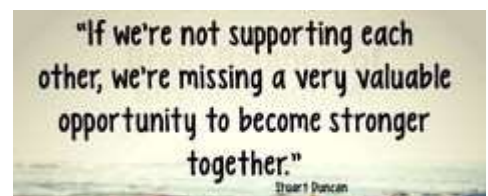

We can be contacted on [pitttownpspc@gmail.com](mailto:pitttownpspc@gmail.com)

Please remember that the committee are in the same boat, however we will be checking the email account on a regular basis.

Stay safe and remember to breathe.

Kindest Regards  
Your P&C Committee
